

Center for Social and Demographic Analysis

Brown Bag Workshop Spring 2017

Accessing Restricted National Center for Health Statistics Data through the Research Data Centers

Presenter: Ajay Yesupriya, MPH
Date: Thursday, March 23, 2017
Time: Noon to 1:00 PM
Location: CSDA Library, Business Administration Bldg.
Room B-29 (Basement Level) - Main Campus

Ajay Yesupriya is a PhD student in Anthropology at SUNY Albany and a Graduate Assistant at CSDA. He previously worked as a Health Scientist at the National Center for Health Statistics (NCHS) Research Data Center (RDC). Prior to working at NCHS, he collaborated on projects that utilized restricted health data at the NCHS RDC and is a co-author on a number of publications from these analyses.

This brown bag workshop will highlight the restricted NCHS datasets that are available as well as the procedures for accessing these data and conducting analyses through the New York Federal Statistical RDCs.

We look forward to seeing you there!
