“Target-based Approach to Determine Spatio-Temporal Patterns of Crime”

Shiguo Jiang, PhD
Assistant Professor
Department of Geography and Planning
State University of New York at Albany

Dr. Jiang earned a Ph.D. in geography from the Ohio State University and an M.S. and B.S. degree in geography from Peking University.

Dr. Jiang’s research focuses on understanding land use/land cover change, forest/agriculture ecosystem dynamics, and human-environment systems through the integrated use of geospatial information technologies (GIS, remote sensing, GPS) and spatial statistical methods.
