by

James White, Ph.D.

Assistant Professor of Urban Design
School of Social and Political Sciences
University of Glasgow

**Monday, November 11, 2013
2:30 pm**

**Business Administration ~ Room B-29
University at Albany (Main Campus)**

Dr. James White's research focuses on urban design policymaking and the design of the built environment, with a particular emphasis on the tools that planners can employ to improve design outcomes during the planning and real estate development process. He has published articles in *Design Studies*, *Journal of Urban Design*, and *Journal of Urbanism: International Research on Placemaking and Urban Sustainability*.
